

The background is a solid dark blue. It is decorated with various hand-drawn style elements: a green squiggle in the top left, a yellow square in the top center, a blue square in the top right, a yellow square with a blue checkmark in the middle left, a yellow circle in the middle right, a green square in the bottom left, a blue square in the bottom center, and a red square in the bottom right. There are also some thin, curved lines in green and yellow.

QA Responsibilities in Software Testing

QA Responsibilities in Software Testing

* JUST CREATE TICKETS AND REPORT ISSUES

Don't ignore any bug or issue considering it low priority issue or minor bug. Just report the issue in the ticket and assign the developer.

* PROVIDE SOLUTIONS

Not just only report an issue. Also, provide a better and effective solution for the identified bug or an issue.

* RECOMMEND NEW FEATURES AND IMPROVEMENTS

Always tries to suggest and discuss the new features and improvements in the existing system.

Focus oriented

In meetings, take part in healthy discussion and if you have been asked any question just reply about it with confidence, proper reasoning and logic. Don't be confused and distract from the topic of discussion.

Listen carefully

Always have the habit of listening to the task assigned to you carefully

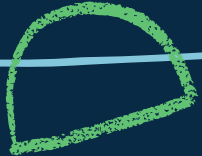

DISCUSS THINGS

No one is 100% perfect and ideal. If you are facing any an issue discuss with the concerned persons i-e your team leads, project manager.

BE HUMBLE AND ATTITUDE MATTERS

Your attitude matters a lot in your professional career. Be humble, take a deep breath, understand what is happening, control your emotions, then reply. If you are hardworking, honest but have an attitude problem, it affects your career.

DON' T JUST BLAME AND OWN YOUR MISTAKES

Avoid judging other members of your team. Focus on your work. Instead of blame others take responsibility for your work.

Do not refuse

DON' T REFUSE TO
PERFORM ANY TASK
ASSIGNED TO YOU.
AND IF YOU HAVE
ANY ISSUE
REGARDING MOSTLY
TIME DISCUSS
WITH THE TEAM
LEAD.

Don't over efficient

IF YOU DON' T
KNOW, HOW WORKS
FOR THE NEW
TECHNOLOGY
MOSTLY THE
IMPLEMENTATION
OF AUTOMATION
TOOLS ON THE
SOFTWARE
PROJECTS.

Always improve your
skills

ALWAYS WELCOME
LEARNS TO NEW
SKILLS. OPEN YOUR
LEARNING AND THE
GROWTH ZONE.

Improve communication skills

Improve your communication skills.
